

PROLEN®

Soft

PROLEN®SOFT are yarns modified with a natural and fully recyclable additive normally used for the diapers and hygienic products for women. They provide to **PROLEN®YARN** a soft touch of natural fibers pleasant for the skin.

Fabric produced from PROLEN®SOFT is characterized by the following properties:

- ✓ Reduces the spread of odours.
- ✓ Provides excellent thermal insulation properties.
- ✓ Supports the drying rate.
- ✓ Increases the brilliance and brightness of colors.
- ✓ Increases the resistance in final applications.
- ✓ Promotes the formation of negative charge, which is positively acting on the body.
- ✓ Provides a sense of pleasant and gentle touch.
- ✓ Helps in improving the slipperiness and processability.

PROLEN®

E

PROLEN®E is elastane (various types: Roica, Creora, Spandex, Lycra, Dorlastan) covered with **PROLEN®YARN**. It can be SCY, ACY. Suitable for socks, seamless, jeans, etc. applications.
